

IMAGE JetSet

INSTANT SETUP SCREENS

IMAGE JetSet screens are ideal for business presentations or performances where a fast setup is crucial. JetSet features a hydraulic scissor-action lift mechanism so that the screen can be pulled up to any desired height and it will stay there. The mechanism is so well-balanced, only one finger is required to set up or adjust the screen.

- Powder coated aluminum case.
- JetSet - Easy set-up—set it on the floor, open the case, and lift with one finger to desired height. Setup in seconds!
- Lightweight due to aluminium case, spring-roller operated.
- Easy to carry, durable and includes a built-in carrying handle.
- Modern & stylish simplified design.
- Includes 25mm black borders and baseblack “rise” to enable normal height presentation.
- Executive Jetset surface simply raises at the touch of a finger; pneumatic cylinders hold screen securely at desired height.
- Available in video (4:3) format to suit computer presentations.
- Warrantied for one year against defects in materials and workmanship.
- Optional Carrying Case —Tough, flexible, lightweight.
